anti progesterones, gestrinone treatment of menorrhagia 713
dydrogesterone in HRT, endometrial, psychological and physical effects 1101; effect on lipoprotein metabolism 1193
in pregnancy to prevent preterm delivery, meta-analysis 142
levonorgestrel-releasing IUCD, efficacy in menorrhagia 690
medroxyprogesterone therapy endometrial response predicted by oestradiol-17β dehydrogenase activity 742
receptor content, prognostic value in advanced epithelial ovarian carcinoma 706
Prorenin plasma levels, increase during menstrual cycle in bilaterally nephrectomised woman 1038
Prostaglandins
gemeprost
and mifepristone for first-trimester abortion, efficacy, multicentre study 481
and oxytocin induced abortion in second trimester complicated by uterine rupture, case report 1061
vaginal pessaries for third trimester abortion (letter) 366
induced abortion with mifepristone, physiological effects on uterine activity, RCT 487
induced second trimester abortion, effect of mifepristone pretreatment 41
myometrial contractile response to in vitro study 1033
production by amnion in vitro stimulated by dipalmitoyl phosphatidylcholine 843
synthetase inhibitors for preterm labour associated with oligohydraminos 312
vaginal for induction of labour effect of salbutamol, RCT 827
Proteins, acute phase CRP and amyloid A protein, serial levels in pregnancy and labour 725
Protozoa infections, serological screening in pregnancy, review 974
Puerperium
calcium and PTH levels 857
changes in transcapillary fluid balance 838
deep vein thrombosis, subsequent symptoms 338
lactation inhibition by depot-bromocriptine 527
platelet behaviour and thromboxane production in whole blood, serial study 1108
postpartum haemolytic uraemic syndrome precipitated by antibiotics, case report 83
Puumala virus infection in pregnancy, case report 274

Ramadan fasting, effect on antenatal attendance 861
Randomized controlled trials (RCT)
early with conservative drug therapy for management of PIH 134
hospitalization for rest in twin pregnancy, effect on outcome 872
influence of symphysis-fundal measurements on interventions and outcome 675
interferon effects on CIN 626
gestrinone in treatment of menorrhagia 713
low-dose corticosteroids in maternal ITP, effect on neonatal platelet count 893
magnesium sulphate versus diazepam in the management of eclampsia 110; commentary 99
mifepristone effects on uterine activity in second trmester abortion 487
mifepristone for cervical preparation before vacuum extraction in first trimester 260
oral oestradiol effects on unsatisfactory colposcopy 731
oxybutynin chloride for detrusor instability 521; letter 1063
prophylactic doxycycline at IUCD insertion, effect on PID 412
prophylactic salbutamol on preterm delivery in twin pregnancy 878
routine *vs* selective use of FVW and biophysical scoring in high-risk pregnancies 909
social support on pregnancy outcome, women with previous LBW baby 155
transcervical resection compared with hysterectomy for menorrhagia (letter) 459
treosulfan with or without cisplatin for advanced ovarian cancer, multicentre study 342
Relaxin serum measurements during the luteal phase of IVF cycles 215
Renin-angiotensin system
atrial natriuretic peptide
maternal and fetal serum levels at delivery 1123
serum levels in premenstrual syndrome 397

umbilical vein levels, normal and pathological fetuses 545
plasma prorenin increase during menstrual cycle in a bilaterally nephrectomised woman 1038

Salbutamol
cover during prostaglandin-induced cervical ripening, RCT 827
oral prophylactic, no effect on preterm delivery in twin pregnancy, RCT 878
Sertoli-Leydig cell tumour endocrinological aspects, case report 1054
Smoking in pregnancy, effect on maternal serum levels of AFP, hCG, oestriol, progesterone and DHEAS 272
Spermatozoa
andrology, a new subspeciality, commentary 969
donor insemination
factors affecting pregnancy outcome 654
use of modified bivalve vaginal speculum 455
Sterility *See* Infertility
Sterilization laparoscopic, en masse (letter) 194
Steroids *See also* named compounds
maternal serum levels, mifepristone as affecting 406
Supine pressor test predictive value in PIH 817
Systemic lupus erythematosus in pregnancy, association with congenital heart block, case report 638

Tamoxifen therapy
associated with endometrial hyperplasia in an oophorectomised woman 190; letter 551
for breast carcinoma associated with endometriosis, case report 645
Thrombotic thrombocytopenic purpura in pregnancy, case report 443
Thromboxane production in whole blood, pregnancy and puerperium, serial study 1108
Thyroid
autoimmune disorder, assay of maternal anti TSH-receptor antibodies for prediction of neonatal thyroid status 1003
hormone levels in pre-eclamptic pregnancy correlation with outcome 71
neonatal thryrotrophin and mode of delivery correspondence 863
severe hypothyroidism in pregnancy, case report 536
Tranexamic acid thereapy for menorrhagia, commentary 3; letter 1163
Transcapillary fluid balance changes in pregnancy 838
Treosulfan with or without cisplatin for ovarian cancer, RCT 342
Tuberous sclerosis, prenatal detection, case report 1154
Tumours *See also* Carcinoma

fetal cardiac rhabdomyoma diagnostic for tuberous sclerosis 1154
leiomyomata, clinical review 285
malignant fibrous histiocytoma of the fallopian tube, case report 275
myomas, treatment with buserelin before myomectomy 393
ovarian cysts, needle aspiration (letter) 89
ovarian teratoma rupture associated with mucinous ascites, case report 952
Sertoli-Leydig cell tumour, endocrinological aspects, case report 1054
trophoblastic in Norway, fertility after chemotherapy 623
virilizing nodular ovarian stromal hyperthecosis (letter) 89
virilizing ovarian serous cystadenoma, case report 269
Twin pregnancy
CS for the birth of the second twin, retrospective review 234
complicated by single intrauterine death, conservative management 511
double survival despite cord entwinement in monoamniotic twins, case report 950
frequency of preterm delivery, prophylactic effect of oral salbutamol, RCT 878
perinatal mortality not improved by increased CS rate 229
primary ovarian twin pregnancy, case report 540
rest in hospital effect on outcome, commentary 869; effect on outcome, RCT 872

Ultrasound
assessment of cervix in pregnancy, effects of bladder volume 457
detection/diagnosis
deep vein thrombosis in pregnancy 53
echocardiographic assessment of time to peak velocity in aorta and pulmonary artery in SGA fetuses 603
early identification of placenta praevia, retrospective review 959
predictive value in assessment of ovarian cancer 922
scans for follicular development in unexplained infertility 569
directed follicle aspiration, perurethural technique 499
Doppler flow velocity waveform studies
for pregnancy screening (letter) 278
fetal middle cerebral artery to identify hypoxaemic fetus 797
growth assessment prediction of outer fetal external iliac artery 425
colour flow imaging, fetal cerebral and carotid arteries, effect of maternal abdominal pressure 740
ovarian artery changes during menstrual cycle 163
umbilical artery, effects of epidural block 517
umbilical and uterine arteries 716; association with blood glucose gradient 543; in severe hypertension 142; monitoring in high risk pregnancies, effect on outcome 909
uterine artery for assessment of trophoblastic tumours 686; prediction of fetal outcome in pregnancies with elevated AFP 431
fetal measurements
abdominal circumference and femur length for growth assessment 118
abdominal circumference measurement, inter-observer variation (letter) 549
measurements of female pelvic organs, accuracy of method 695
transabdominal for ovarian cancer screening 304
transvaginal
diagnosis and treatment of tubo-ovarian abscess 178
diagnosis of fetal hydrops, case report, 955
diagnosis of uterine malformations in gynaecological patients 1043
diagnostic value for ectopic pregnancy in combination with serum hCG levels 904
for embryonic heart activity 989
identification of normal early pregnancy correlation with serum hCG levels 899
